Daly City Record

Daly City—Gateway to The Peninsula One of the Most Rapidly Growing And Developing Cities In Northern California

PUBLISHED THURSDAY | DALY CITY, SAN MATEO COUNTY, CALIFORNIA, THURSDAY, JUNE 24, 1948 | VOL. 45, NUMBER 21

TENTATIVE CITY BUDGET PROPOSED

NEW SUPERINTENDENT CHOSEN FOR DALY CITY ELEMENTARY SCHOOLS

James L. Snell, 38-year-old superintendent of schools at Fort Bragg, California, has been hired by the board of trustees as new superintendent of the Jefferson Elementary School district.

Snell will take over his duties here next week, when Superintendent R. L. Crane's contract expires on June 31. The new school executive accepted the post last week in a contract signed by trustees Andrew Van der Werff and Fred Bertetta.

Crane, meanwhile, has said he intends to remain in the employ of the school district—probably as a shop instructor. The 17-year executive's rating would place him in the highest pay bracket in the district.

The new superintendent, whose appointment becomes effective July 1, has served as superintendent of the Fort Bragg Union High and Short Bragg Union School District since 1941, before which time he served as principal of the high school for one year. His 20-year career in education began with coaching in the Campbell California Union Grammar School during 1928 and 1929. From 1929-31 he taught in the 3rd Street Elementary School at Oroville, followed by service as principal of the Burbank Elementary School at Oroville from 1931-37, and principal of Leggett Valley Schools and Cummings, California, high and elementary schools from 1937-1940.

A graduate of San Jose Junior College and San Jose State College, Snell received his master's degree from Stanford University in 1938. He has taken post graduate work at Stanford during the summer vacations. Snell holds four life credentials—general elementary, junior high, secondary, and administrative for both elementary and secondary.

Married and the father of three children, aged 10, 7 and 2 years, Snell is a past president of the Lions Club; a past master of F. and A. M.; service key member of Phi Delta Kappa; president of Section I, California Secondary Principals; secretary of the California Association of Public School Superintendents; president of the Redwood County Board of Education; chairman of the Fort Bragg Salvation Army committee; chairman of the Fort Bragg Coordinating Council, and is affiliated with the CTA and NEA.

Women's Civic Club Plans Annual Outing

Members of the Women's Civic Club and their families will enjoy a pot-luck picnic July 15 in San Mateo Park.

Plans for the annual outing were made last week when the group met at Mrs. Marie Gehrig's home, 342 Irvington street. Mrs. Margaret Fields presided.

Other business conducted at the meeting included a donation to the local Girl Scouts' campership fund.

Diplomas Awarded To Elementary School Graduates

A total of 124 eighth-grade students attending public and parochial schools in the Jefferson district received their diplomas this month in two commencement exercises.

On June 11, these students were graduated from Our Lady of Perpetual Help School:

Alice Aguirre, Margaret Aguirre, Kathleen Anderson, Joan Beecher, Pauline Byrne, Patricia Curley, Elizabeth Curtin, Marian Elliott, Diane Enders, Elizabeth Fenton, Jacqueline Frellson, Roberta Furger, Gail Goldsworthy, Diana Gordon, Eilleen Greer, Helen Henderson, Shirley Healy, Lenore Malley, Shirley Milano, Rosemarie Maudy, Jean Murphy, Josephine Murphy, LaVerne Nagel, Nancy Rosa, Janet Schreiber, Mary Simmons, Barbara Seeim, Cecelia Sullivan and Rosemarie Bolkering;

Edward Aguirre, Joseph Bacigalupi, Michael Casentini, Joseph Cruz, William Driscoll, Patrick Dreyfus, James Hughes, Joseph Langensand, Patrick Lynch, Michael Marsiglia, Robert Mertens, Edward Nolan, James Reardon, Michael Saunders and Marlen Williams.

Jefferson diplomas were awarded to:

Jefferson School

La verne Chelone, Robert John De Bernardi, Lois Lucille Lantz, Donald Micheletti, Anne Jewell Morton, Rita Paras, John Richard Patton, Faustino Quitevis, Geraldine Marie Ricordo, Eleanor Patricia Santiago, Donald Kenneth Trevaskis, Ann Lucille Shoots, Joan Beverly Showers, Marguerite Vivian Stone, Lani Jo Strong, Dewayne B. Strawther.

Woodrow Wilson School

Don Benando, Shirley Ann Combs, William Donald Craig, Robert F. Crowley, Ronald Warren Fox, Frank Garcia, Dorothy Graves, Beverly Ann Heagney, Ninette Hyde, Patricia Lee Hyers, Florine Jespersen, Charles Harry Johnson, Mildred Joyce Morgan, Buddy Charles Munder, Shirley Neumann, Corinne Arlene Noble, Douglas Norris, George Rasmussen, Dixiene Louise Schultheis, Ronald Stanley Specht, John Patrick Winn.

Crocker School

Lanny H. Adami, David A. Barraza, Harold F. Bradford, Norman L. Cady, Frank D. Carter, Owen Leigh Charles, Robert A. Christianson, Joanne Ellen Clement, Marilyn S. Colby, Helen Cooper, Marianna Costello, Mary Alice Coverdale, Robert W. Davis, Robert V. Dubravetz, Donald Abel Espinoza, Merrillee Jean Faulk, Adele Florence Hansen, Richard Hansen, Anita M. Holcomb, Aubrey Long jr., Betty Marsh;

Richard Matison, Tom Mejia, Phil Moreno, John Morrow, Bob Murchison, Marion L. Newcomb, Nodji C. O'Brien, Kenneth D. Pennington, Harold R. Plumere, June Margaret Prescott, Ronald Allen Quint, Edward B. Raffo, Robert Ralph Seagraves, Ross J. Seymour, Barbara Jean Sharp, Joan E. Thatcher, Doristein Thompson, Helen M. Thompson, Robert G. Welnick, Janet Lee Williams, Don Wilson, Jean F. Zanobini.

Daly City Boy Returns After Cross-Country Trip

Fourteen-year-old Richard Hines is on his way home today, after a month's wanderings which took him, finally, to Cleveland, Ohio.

The young Daly City boy left home last month, bound for Santa Rosa where he was going to "get a job in the harvest." He bought a round-trip bus ticket.

Daly City police sent out an all-points bulletin when Richard did not return, but efforts to find him were futile until this week. A telephone call from friends in Cleveland informed his parents, Mr. and Mrs. Elmer Hines of 40 Vista Grande avenue, that the boy was there.

Richard had hitch-hiked and walked across the country, arriving in the Ohio city hungry and barefoot. He'd done a lot of walking.

Added Attractions for O.L.P.H. Festival

Added attractions at the Festival and Carnival to be held October 1, 2 and 3 at Our Lady of Perpetual Help Church, 80 Wellington avenue, will be a Bendix Home laundry and a Radio-Phonograph combination, according to Father Stewart, who is in charge of arrangements for the event. The main attraction will be a new 1948 De Soto Four Door Sedan, which will soon be on display at the James E. Donahue showrooms.

This will mark the culmination of a three-day celebration and carnival on the new parochial school grounds.

In addition to the main attractions, many others will be available, with proceeds from the event going to offset cost of the new school building which was completed last year.

The October event will be the seventh annual carnival at Our Lady of Perpetual Help and the 1948 affair is expected to break all records for the festival which was inaugurated in 1941.

Two Jailed, One Hospitalized After Auto Frolics Here

A couple of reckless joy rides through Daly City landed two men in jail and one in the hospital this week, after interference by the police department.

Charles Paoli, of 31 E. Moltke street, and Albert L. Galli of San Francisco were booked on charges of drunk driving and driving without operators' licenses, after a playful race down Mission street early last Thursday.

The men were arrested by Sergeant Ricco Benedetti and Officer James Welsh at Westlake and Mission. Police said the men apparently were trying to drive each other off the road, using both traffic lanes for their game. Each was released on $125 bail to appear Friday before Municipal Judge William J. Sweeney.

Arfon Llewelyn of San Francisco wasn't quite so lucky. He landed in Junipero Serra Hospital last Sunday with a broken leg and a fractured collar bone, after a motoring rampage along Hillside boulevard, according to police.

Driving his brother's car, Llewelyn jumped the curb in front of 401 Hillside boulevard, damaging a parked car belonging to R. A. Herman of 413 Hillside. Impact of the crash spun Llewelyn's are around, to plow into the building at 419 Hillside boulevard, damaging the front entrance. Not yet stopped, the driver proceeded up Hillside to fold his car around a telephone pole at 421, putting both Llewelyn and his auto out of commission. He was taken to the hospital in the county ambulance.

Three Face Drunk Counts On Friday In Municipal Court

Two men will appear in municipal court Friday on drunk charges involving cars, and one will face a disturbing the peace count.

William Gomez of San Francisco, arrested last week on charges of drunkenness in an auto, was released on $50 bail. Sergeant Ricco Benedetti and Officer James Welsh, who made the arrest, said Gomez was found sitting in his car which was parked straddling the bulkhead along the streetcar tracks in the 7400 block of Mission street.

Eugene F. Durr of Menlo Park submitted to his temper and consequently, to the police. Durr was arrested on reckless driving charges last Saturday by Officer Henry Sundermann, after a chase down Mission street. He had been cited for speeding at Mission and School streets, according to Sundermann, and after exchanging words with the officer, took off in a "reckless" manner and sped down El Camino Real. Durr's trip, when Sundermann caught him, was detoured to the city brig.

William D. Winland, of 171 Los Olivos, was released on $50 bail to appear Friday on charges of drunkenness and disturbing the peace. He was arrested Saturday on a complaint signed by Irene Schmidt, proprietor of the Imperial Grill, who 'phoned the police to remove him from the establishment.

Police Seek Soldier On A Rape Charge

A wire ordering the arrest of an army staff sergeant wanted here on charges of statutory rape was sent to the sheriff of Lillington County, North Carolina, this week by Police Chief Wilbur W. Sunderland.

The soldier, Wilton M. Upchurch, 26, stationed at the Oakland Army Base, is reportedly spending a furlough in the eastern state. He is charged with committing statutory rape on a 14-year-old Daly City girl, in a complaint signed by the girl's mother.

The complaint charges Upchurch with committing rape on the girl on three separate occasions, allegedly causing the girl to become pregnant.

Bail is set at $5,000 cash or $10,000 bond.

Frances Lewkowitz Red-Haired Queen Of DAV Festival

Redheads galore paraded across the stage of the Downtown Theatre in San Francisco last Tuesday morning, and prettiest of them all was Daly City's own Frances Rose Lewkowitz, two-year-old daughter of Mr. and Mrs. Joe Lewkowitz of 501 Vista Grande avenue.

That's what the judges thought, anyway, when they selected petite Frances to reign over the red-haired girls' division of the Disabled American Veterans Baby Festival in the Memorial Auditorium tonight.

Queen Frances will reign over the little girls' entourage of redheads, while 17-month-old Fred Botti, copper-cropped son of the J. Bottis of 1548-A Mason street, will parade as king.

Both will be presented tonight on the auditorium stage in the royal regalia of the Baby Festival rulers' court.

Winners of the over-all beauty contest, who will reign as king and queen, have not yet been announced.

RECREATION SCHEDULE GETS OFF TO FINE START IN SUMMER PROGRAM

Six city-wide outings and a daily schedule of varied activities throughout the summer have been planned by the Daly City Recreation Department in its 1948 summer play program for children.

The program was started this week, with organization meetings for the numerous sports, crafts, dance and music groups, and will swing into action next week, when classes, tournaments and games begin in daily sessions.

Application blanks were distributed this week, and will be available henceforth at the city's playgrounds and at Jefferson High School. The first scheduled outing will be held next Wednesday—a beach party and hike at Thornton Beach.

Classes in baseball, tumbling, tennis, handcraft, folk dancing, chorus, dramatics, softball and volleyball also will start next week.

The schedule:

Designation of Weeks

June 29 - July 3—Outing and Patriotic Week.
July 5 - 10—Vehicle Week.
July 12 - 17—Athletic Week.
July 19 - 24—Nature Week.
July 26 - 31—Music and Drama Week.
August 2 - 7—Social Week.
August 9 - 14 — Tournament Week.
August 23 - 28—Aquatic Week.
August 23 - 28—Craft and Hobby Week.
August 30 - September 4—Wind-up Week.

Special Events

Monday, June 28—Movies at H. S. Aud. 10:30.
Tuesday, July 6—Movies at H. S. Aud. 10:30.
Friday, July 9—Vehicle Day — races.
Monday, July 12—Movies at H. S. Aud. 10:30.
Friday, July 16—Track and Field Meet.
Monday, July 19—Movies at H. S. Aud. 10:30.
Friday, July 23—Pet Show.
Monday, July 26—Movies at H. S. Aud. 10:30.
Friday, July 30—Amateur Hour.
Monday, August 2—Movies at H. S. Aud. 10:30.
Friday, August 6—Play Day.
Monday, August 9—Movies at H. S. Aud. 10:30.
Friday, Auugst 13—Tournament Championships.
Monday, August 16—Movies at H. S. Aud. 10:30.
Friday, August 20—Swimming Meet.
Monday, August 23—Movies at H. S. Aud. 10:30.
Wednesday, August 25 — Craft Exhibits (night).
Monday, August 30—Movies at H. S. Aud. 10:30.
Wednesday, September 1—Boxing Tournament (night).

Outings

Wednesday, June 30—Thornton Beach Party.
Wednesday, July 6 — Roller Skating at Skateland (S. F.)
Wednesday, July 14 — Fleishhacker Zoo.
Wednesday, July 21 — Nature Outing (see director).
Wednesday, July 29 — (See your director).
Wednesday, August 4 — Golden Gate Park Excursion.
Wednesday, August 11 — (See playground director).
Wednesday, August 18 — Boating at Lake Merced.
Saturday, August 21 — Seals' Stadium.
Friday, August 27 — San Francisco Beach and Concessions.
Friday, September 3 — (See playground director).

Regular Events

DAY ACTIVITIES

On all Playgrounds (9:30 a. m. to 5 p. m. daily) High School, Marchbank Park, Lincoln Park, Crocker School Playground, Jefferson elementary playground.

Organized and free play in many activities.

See Directors regarding:
HANDICRAFT and ART
Folk Dancing—Music.
Dramatics—Story Telling.
Boxing — Tumbling.
Baseball, Basketball Leagues.
Swimming—High School Pool Daily.
Tennis—High School Classes.

NIGHT ACTIVITIES

High School Gymnasium—7 p. m. Monday thru Friday.
Basketball — Monday, Tuesday, Thursday, Friday.
Badminton — Wednesday.
Swimming — Monday through Friday.
Bellevue Recreation Hall — Teen-age Dance every Friday — 7:30 to 10:30 p. m.

SUNDAY ACTIVITIES

Marchbank Park — Baseball League Games 10 a. m.; 12:30 p. m. and 3 p. m.

Activities which have been scheduled but not named will be announced by the recreation department as arrangements for these activities are completed.

Further information on any or all of the scheduled activities in the recreation department's summer program may be obtained from Elman Rose, director, or any of the deaprtment's instructors.

Young D. C. Man Falls Asleep In Stolen Auto

Joseph J. Ostergren, 22, of 370 Woodrow street, was free on $1,000 bail today to appear Friday before Municipal Judge William J. Sweeney on charges of car theft.

The young husband was arrested Sunday night while sleeping in a parked car at Mission street and Westlake avenue. Police arrived at the scene after receiving a telephone report that a Buick sedan had been observed being pushed out of the R. L. Stevens garage.

Ostergren admitted he had broken into the automobile company's office, and stolen the keys to the Buick; then had to push the car into the street after he had damaged the ignition lock.

According to police, Ostergren had been drinking and said he just "wanted a ride."

Workman Asks For $79,000 In Injury Suit

A suit for $79,239 was on file in superior court this week against the Sterling Building Company, the Hillside Manor Company and the F and O Company, in connection with an accident last summer on a Daly City construction job.

Suit was filed by John Nyquist, who contends he suffered a fractured vertebra and other injuries when he fell 15 feet from a scaffold while working last summer on the construction project. Nyquist charges that the scaffold, which was erected by the companies, was unsafe.

Mills Hospital Given To October 1 To Vacate Annex

Mills Memorial Hospital has been given until October 1 to vacate the annex to San Mateo County's Community Hospital.

The deadline was issued last week by the board of supervisors after Dr. Harry E. Mason, president of the County Medical Society, forced the issue to a vote. The board was split 3-2, with Supervisors Hatch, Edmonds and Hickey endorsing the issue and Supervisors Pos and McDonald opposed.

The board decided to renew Mills' lease, which expires at the end of this month, fo ra three-month period. Last month supervisors had announced the lease would be renewed each month until such time as the annex would be needed for use by the county hospital; that Mills Memorial Hospital would be given notice to vacate 60 days before that time.

Dr. Mason, in requesting that the board set a definite period for lease of the annex, said that facilities of the annex will be needed either for tuberculosis patients while the new sanitorium is being built, or for patients for whom the county now pays $250 a month in private nursing homes.

County Ratifies Record Budget For Fiscal 48-49

A budget of more than $8,500,000 was ratified this week by the San Mateo County Board of Supervisors for fiscal 1948-49.

Approval of the record-breaking budget came after the board had added some $150,000 to the already phenominal preliminary budget, which had stood at $8,417,258.10. Largest single addition to the figure was a $120,000 item for redemption of Canyon Sanitorium bonds. A bond issue of $1,500,000 had been endorsed in the June 1 election, after the preliminary budget had been drafted.

Another large addition was $55,000 inserted as part of the county's contribution to the Employes' Retirement Fund. At the request of Health Director Harold D. Chope, the board cut $13,866 from estimated expenses at the Community Hospital annex, adding only $10,174 for bonus and differential pay. Dr. Chope's request for a budget cut came after announcement that Mills Memorial Hospital will vacate the annex on October 1.

Injunction Against Quarry Operations Scheduled Friday

A temporary restraining order against operations in the Daly City Quarries was issued Monday by Superior Judge Aylett R. Cotton, pending a court hearing Friday on an injunction suit against the quarry company.

The suit, which names H. H. Smith, Floyd Hardwick and the Daly City Rock Quarry as defendants, asks damages in the amount of $8,200, and a permanent restraining order against operations in the quarries.

Plaintiffs are Charles and Aghavni Uomini, owners of a building at 6389 Mission street, who contend that since June, 1946, blasting operations and the use of heavy crushing and ripping machines in the neighboring quarry have caused damage in the amount of $3,200; cracking numerous glass bricks which form one of the walls in the building; damaging an ornamental alabaster box and a bas relief in the building, and creating large cracks and holes in the plaster.

They charge further that continued blasting in the quarry has considerably weakened the building's foundations, and caused further widening of cracks and holes in the plaster, in the amount of $5,000 damages

Hearing on the suit was set for 10:30 a. m. Friday, in superior court at Redwood City.

Thomas L. Bocci, of the firm of Fahey, Bocci and Gallen, is attorney for the planitiffs.

D. C. Boys' Club Is Presented With Blue & Gold Banner

A blue and gold banner, measuring 30" x 42" and sporting the words "Daly City Boys' Club," was presented to the local youth organization last night by one of its principal supporters, Frank Lombardi.

Almost all members of the 61-boy group attended the meeting, taking advantage of their first opportunity personally to thank Lombardi for the sizeable contribution he had made toward their club. Sports equipment of all kinds including baseball uniforms for both junior and senior teams, is being furnished for them by Lombardi and a group of local merchants.

The banner, which had been fashioned by the boys at a recent informal meeting, depicts a blue shield on a gold field. Crossed bats centering the shield are flanked by a baseball, a basketball and a handclasp.

This week, Monday through Friday, some 27 members of the swiftly growing boys' club are attending daily sessions of the San Mateo Times-San Francisco Seals Baseball school at SanMateo. Each morning the kids pile into the converted shore patrol wagon provided by R. L Stevens and are driven down the peninsula by their senior counselor Jay Johnson. Gas for the trip is furnished by Joe Lewkowitz.

According to Jay Johnson, who gave the boys their first break when he lent them his counseling and his woodworking shop some 7 weeks ago, the club's membership is growing by leaps. Several eight and nine-year-olds, he said, have been refused membership because of the club's limited space facilities, but the boys hope to lower their 10-year age limit if and when they secure a suitable clubhouse.

Founding of this new boys' club, which accepts members solely on the qualification that they want to join, has been the most spectacular incentive for all-out cooperation perceived in Daly City in many years. Through the coordinated efforts of a majority of the town's merchants, the heretofore destitute club now is equipped with facilities for any sport the boys fancy. What's more, the merchants are doing their utmost to establish the boys in a much-needed clubhouse.

Whist Party Slated Next Tuesday By Guadalupe Parlor

The public has been invited to a whist party to be sponsored next Tuesday by Guadalupe Parlor, Native Daughters of the Golden West.

The parlor has scheduled its party for 8 p. m. Tuesday in Wilkinson's Hall, 29th street and Mission. Valuable prizes will be awarded.

$20000 MORE SLATED FOR CITY EXPENSES THAN FOR LAST YEAR

Escape Serious Damage In Crocker School Fire

A fire which may have caused serious damage to the Crocker School building and threatened the safety of numerous students was brought swiftly under control last Thursday by the Daly City Fire Department.

Fire companies 1, 2 and 4 extinguished the fire after a young student, sent on an errand, discovered the flames in a basement storeroom. The alarm was given at 3:15, close to school closing time.

Fire Chief Elmer Kennedy said the fire had started in a waste paper container in the storeroom, spreading along the walls and ceiling beams. Origin of the flames was unknown.

Eagles Auxiliary Fetes Husbands With Gala Party

The words, "Welcome Fellows," prominently displayed on a sign in the center of the Eagles Hall, formed the central theme of a gala celebration sponsored last Saturday night by the Ladies Auxiliary of Eagles.

Red, blue and gold were the color scheme, carried out in balloons and streamers suspended from the ceiling of the San Jose Avenue hall. It was a Father's Day party, with something of a Leap Year cause thrown in.

In the center of a 35-foot dining table, where such gastronomical delights as home baked ham, salads and pastries reclined, stood a mammoth arrangement of multi-colored gladioli. Blue and gold leis adorned the hostesses' shoulders.

Bachelors were distinguished by prominently lettered signs on their lapels, while a makeshift jail house was alive with men who refused to dance to the music of the Eagles Haywire Band. Highlight of the party was the presentation of a home-baked birthday cake to the male guest whose birthday fell closest to the day of the party.

Hostesses for the highly successful event were: Refreshment Committee, Agatha Heyden, chairman; Mary Voboril, Margaret Harper, Harriet Meinzer, Nora Diners, Marilyn Calvert, Alberta Diehel, Christine Doucette, Frieda Pedersen, Christine Michelsen, Agnes Wood and Lillian Miller. Entertainment Committee, Virginia Lagomarsino, chairman; Dorothy Johnson, Lorene Gardener, Gin Allain, Marge Kennedy, Esther Merritt, Laurette Bertelli, Dora Black, Frances Nienstiel, Charlotte Ward, Dolly Lewkowitz, Irene Rosenberg, Rhoda Rachor, Naida Soccio, Inis Severetti, E. Rasor, L. Sturdevant, Mrs. Rasmussen, Mrs. Alberigi and Mrs. Herbstritt.

Contract Awarded For Construction Of Fiesta Bldg.

Contract for construction of the new Fiesta exhibit building last week was awarded by the county board of supervisors to the Biltwell Construction Co. of San Francisco.

The firm bid $237,777 for the job.

Terms of the contract provide that the building shall be ready for occupancy on August 10, in time for this year's fiesta. Biltwell was the only general contractor to submit a bid.

The 70,000 square foot structure will be erected on a 25-acre site adjoining the vast Bay Meadows parking area. It is to be of concrete construction, 200 by 300 feet.

Sunday Will Be Play Day At Buffalo Bill's

Horse show events and free-for-all horse races will highlight the afternoon this Sunday at the Buffalo Bill Ranch west of Colma.

Sunday is Play Day — an annual event at Bill William's riding stables — and droves of amateur and skilled equestrians are expected to be there.

Horse events will begin promptly at 1 p. m., Williams has announced. Prizes will be ribbons.

A budget of something over $340,000—only $20,000 more than the 1947-48 figure—is expected to be ratified next Monday night at the city council meeting.

Final preparation of the tentative budget was completed yesterday, when Mayor Anthony Gaggero and Herbert R. Thielmeyer, auditor, examined and included last minute changes in the figures.

Salaries, as is the usual case, will constitute the largest expenditure in city funds next year. But even with considerable rise in the salary figure, estimated expenditures will be only little higher than last year's.

Highest single estimate is a $75,000 budget [illegible] the police department—[illegible]er, in fact, than the 1947-48 figure. Budget for the city's water department has been raised, as has the recreation department estimate. No sizeable raises resulted, however, from segregation of the street and sewage estimates.

No additional funds were budgeted for the acquisition of a War Memorial building, although action on the project is expected after July 1. The $16,000 remaining for purchase of the memorial site was carried over to next year's fund.

Fire Chief Warns Against Use Of Fire Crackers

Daly City residents were reminded today by Fire Chief Elmer Kennedy of the state law prohibiting use of firecrackers.

Kennedy today disclosed that firemen are keeping close surveillance on all possible sources of firecrackers, and that the law will be strictly enforced this year. Violators, he said, will be punished to the full extent of the law.

Although the past two years have seen little or no use of the unlawful Fourth of July explosives, Kennedy pointed out that serious fires and personal injuries had resulted in previous years. The department has instituted preventive warnings this year to avert such disasters.

Legion Post Presents Award To Treasury Sect'y.

Frank M. Jordan, California's secretary of the treasury, was presented last Saturday evening with a citation honoring his father Frank C. Jordan, in whose name the local American Legion Post was founded.

Presentation of the honor certificate was made at a reception for Mr. and Mrs. Jordan at the home of Raymond Testa, commander of the Jordan Post. Honors also went to Mrs. Ann Cabrall, Red Cross worker at Oak Knoll Hospital in Oakland.

Jordan, in turn, presented a life membership certificate issued by the American Legion and the Veterans of Foreign Wars to John Gouldner, disabled veteran.

Cocktails were served by the host after the ceremony. All officers of Frank C. Jordan Post No. 762 were in attendance.

Boys Whip Dads In Father's Day Baseball Contest

It wasn't intended for a Father's Day fete, but that's the way it turned out last Sunday when the Daly City Boys' club nine was disappointed in a scheduled game with Visitacion Valley.

After a hard week's practice under Captain George McLeod's instruction, the team discovered that its scheduled opponents had disbanded; there would be no game.

But Pop sprang to the rescue after a bit of hasty organizing, and the boys virtually walloped their dads in a fast seven-inning contest. Carl Guenwald, assistant captain of the boys' team, went over to the senior side to complete the team.

Score: Sons, 15; Fathers, 6.

CALIFORNIA CRIME CONTROL

To most Californians the squabble among law enforcement agents over the slot-machine rackets, the alleged "shakedown" attempts, the charges and countercharges must be very confusing.

Attorney General Howser, whose agents have been accused of the alleged shakedown attempts, says that there is a "plot" to break down effective law enforcement in California and to make it appear that the State is overrun with gangsters.

Just who is back of this "plot" and to what extent California is suffering from "gangsteritis," we don't know. But one thing is obvious: there is considerable room for improvement in California law enforcement.

According to Retired Admiral William H. Standley, chairman of the State Commission on Organized Crime, there "appears to be a state-wide network operation of slot machines, punch boards and like gadgets" which the commission has been unable to break up.

Now, it is well known that organized crime of this sort cannot flourish or exist very long if local law enforcement is vigorously carried out. It is time therefore, that the slot-machine problem were attacked more vigorously on the local level.

As for Attorney General Howser, he would do well to take such action as will remove once and for all any shadow of suspicion from his staff of investigators.
against each other.

NO COMPETITION

The Russians will not be represented at the Olympic Games in London. Why? Most sports observers believe it is because the Russians—or rather, the Russian Government—"can't take it."

You must bear in mind that, according to Moscow, the Russians are superior to every other people in every way. Unless Soviet athletes won everything in which they competed at London, it would be a blow to this line of propaganda. So, the Kremlin is playing it safe by just ignoring the games. Of course, if the results could be rigged like the Communist elections usually are there would have undoubtedly been a large number of Russian entries and equally large number of Russian "victories."

Another reason for staying out of the Olympic Games is the danger that the Soviet athletes might become disillusioned about the superiority of the Russian way of life. At London they would see the Americans with an abundant supply of steaks, chocolate bars and a lot of other things that aren't plentiful in Russia.

This would be tough on their morale—and tougher still on the propagandists who would have to "explain" the situation.

DANGEROUS LIVING

Premier Robert Schuman of France has become one of the most adept and daring tightrope walkers in the world's political circus. On most occasions he performs without a net under him. One misstep and his political life would be snuffed out. On a half dozen issues since he took office six months ago he has threatened to resign if the National Assembly failed to support his position. He has had some very close calls.

One of the closest came recently when he sought the Assembly's approval of the six-power agreement on Western Germany. He squeaked by with an 8-vote margin on a total of 586 votes cast. All things considered, Schuman's success in holding office for six months is little short of miraculous. He is the target for the deadly fire from both political extremes—the De Gaullists on the right and the Communists on the left. How long he can continue without faltering is anybody's guess, but he appears to have nine political lives.

ROUGH GOING

One of the mysteries of baseball is the complete reversal of form suffered by some of the game's biggest stars. Right now the fans are wondering what has happened to Cleveland's Bobby Feller. Although he got off to a good start this season Bobby has lost five games in a row, as this is written. Larry Jansen of the New York Giants who led the League last year is also finding it hard to win. What's the answer? That's what everybody—including Feller and Jansen—would like to know.

WORK AND WORTH

Some people seem to think that the ideal life would be one of ease and idleness. They look for the day when atomic power, or some other force, will do all the work and existence will be a continual round of pleasure.

It strikes us that nothing worse could happen to our society than to eventually reach the point where perpetual loafing was the principal occupation of most of our citizens.

This doesn't mean that drudgery in any form should be perpetuated, but energetic activity—hard work, if you please—is as essential to a balanced life as is a reasonable amount of pleasure.

Bay Area Products On Display July 2 to 9

Miss Dorothy Manners (left), representing San Francisco and Peninsula industry, and Miss Tim Courtney, representing Oakland and East Bay industry, join James G. Markel, Bay Area Industrial Exposition president, in a preview of the Exposition July 2 to 9, at San Francisco's Civic Auditorium. Miniature models of the products of some 250 manufacturers and distributors in the Bay Area, go on preview display this week in the P. G. & E. Co. show window, 445 Sutter street.

Jeff Hi Graduates Wed Saturday In Formal Ceremony

Another Jefferson High School romance culminated in marriage when Miss Elaine Saul and Dean H. Schreiber exchanged vows last Saturday in the Most Holy Redeemer Church in San Francisco.

The bride, daughter of Mrs. Leona Saul Johnson of San Francisco, was gowned in traditional white satin. Her bodice was fashioned with a transparent yoke in an off-shoulder drape, and her full skirt ended in a long train. The bridal bouquet was styled of white begonias, bouvardia and lillies-of-the-valley. A coronet of pearls held her full-length veil in place.

Mrs. Warren F. McHugh, sister of the bridegroom and matron of honor, donned a dress of yellow satin brocade. The brides-maids, Miss Kathleen Schreiber and Etta Webster, wore pale green frocks of the same style. Their cascade bouquets were fashioned of orchid carnations and sweet-peas.

Donald J. Lee stood with the bridegroom, while Walter J. Young and Kenneth R. White showed guests to their seats.

Receiving guests at the evening reception at the F. Dean Schreibers' home on Knowles avenue, the hostess wore a grey suit with a pink hat. Mrs. Johnson was frocked in acqua, with a matching hat. A four-tier wedding cake, prepared and decorated by the bridegroom's mother and her friend, Mrs. William Miller of Sacramento, centered the bride's table.

The justweds left after the reception for a honeymoon at Lake Louise, British Columbia. Their wedding had followed the Friday graduation of the benedict from San Mateo Junior College. A 1941 graduate of Jefferson High School, Dean is intending to enroll in Santa Barbara State College this year. His wife, also a graduate of Jeff, is employed at the Federal Reserve Bank in San Francisco.

The young couple will make their home in Santa Barbara.

Mrs. Henry Sari Is Given Surprise Party

Mrs. Henry Sari, sr., of 7 Risel avenue, was the recipient last week of a surprise birthday party given by Mr. and Mrs. Jack Ferro at the honoree's home.

Buffet refreshments were served.

Present to honor Mrs. Sari were her husband; Mr. and Mrs. Bill London, Mr. and Mrs. Carroll Herrick and their daughter Catherine, of South San Francisco, and the hosts and their son, Bill.

School Vacations Bring New Dangers

Closing of school doors in June will signal the opening of more hospital doors for children unless motorists exercise exceptional driving precautions with the start of summer vacation. This warning was issued today by the California State Automobile Association in reminding drivers that thousands of school children, presently guarded by School Safety Patrols, soon will swarm through the streets without this customary protection.

Children darting across the street from between parked cars, crossing the street in the middle of the block, running diagonally from corner to corner, violating red light or other signals, and hitching rides behind trolley cars or trucks are some of the contingencies for which drivers will have to be constantly on the alert, said the CSAA.

Motorists can prevent many accidents by driving slower during the vacation period and being prepared to stop quickly in an emergency, explained the Association. Drivers also were urged to proceed with extra caution in areas where traffic is heavy, where cars are parked on both sides of the streets, where youngsters are apt to be at play, and to be on the alert for children en route to and from ball games, playgrounds, movie matinees or other recreation places.

Drive-In Theatre May Be Erected On Junipero Serra

A drive-in theatre soon may be erected on Junipero Serra boulevard in unincorporated Colma, according to announcement this week by the San Mateo County Planning commission.

The commission disclosed that the board of supervisors had approved its recommendation that O. D. Hamlin, jr., be allowed to lease his property on the boulevard to a drive-in theatre concern.

The property will be rezoned from residential to commercial for this purpose.

Smallest State Park

The smallest state park in the United States is located at Government Camp on the slopes of Mount Hood in Oregon. Only twenty-five square feet in area, it was set aside to preserve a monument erected to the memory of Sam Barlow, who built the first road around Mount Hood for covered wagons a century ago.

The new Regional Building, housing such service groups as the Redwood Empire Association, will be ready in time for the California State Fair, September 2 through 12.

Woodrow P. T. A. Ends Activities With Dinner Meet

Members of the Woodrow Wilson Parent Teacher Association drafted their new year's budget; ratified incoming chairmen appointments, and feted the school children at classroom and graduation parties in a busy month of activities which culminated June 16 in a closing dinner at Lyle's Restaurant in San Bruno.

Hostesses at the dinner were Mrs. Marie Miller, retired president of the P. T. A., and Mrs. Lena Banfield. All members were in attendance.

Drafting of the 1948-49 budget was carried out June 4 when Mrs. Marie Sorenson, newly installed president, met with members of her cabinet at her San Diego avenue home. Those in attendance were Mrs. Florence Hopman and Mrs. Irene Williams, finance and budget chairmen; Mrs. Nel Hacker, treasurer; Mrs. Eleanor Cameron, financial secretary, and Mrs. Gretchen Olson, food sales chairman.

At the executive board meeting June 8 at Mrs. Irene Williams' home, Mesdames Florence Hopman, Marie Sorenson and Louise Darnell were co-hostesses. Guests included Mrs. Edward Styskel, past counselor, and Mrs. G. J. Sirex, newly appointed counselor from the 17th district council. Appointment of these committee chairmen was confirmed:

Mrs. Helen Cheatham, program; Mrs. Loretta Bertelli, life membership; Mrs. Frances Surber, membership; Mesdames Florence Hopman and Irene Williams, finance and budget; Mrs. Catherine Duffy, Founders' Day; Mrs. Georgia Larson, publicity; Mrs. Lillian Thomey, student aid; Mrs. Virginia Hunter, magazine and emblem; Mrs. Ida Hanley, character education; Mrs. Etta Johnson, sewing; Mrs. Gretchen Olson, food sales; Mrs. Frances Kelly, motion picture; Mrs. Millie White, health; Mrs. Elsie Berg and Mrs. Cecil Saarinen, hospitality; Mrs. Thelma Hamilton, adult education; Mrs. Ruth North, room mother, and Mrs. Ethel Gray, music.

Mrs. Helen Cheatham was named to the vice-presidency, to fill the vacancy created by resignation of Mrs. Ruth Emerson.

A film on personal hygiene, shown by Mrs. Sylvia Eastham, Jefferson School District nurse, was seen at the general P. T. A. meeting in the school June 15. Mrs. Sorenson presided over the session.

Graduates of Woodrow Wilson school were honored guests the following day at a noontime party at the schoolhouse. Mrs. Ruth Emerson was chairman of the P. T. A. Hostessing committee. At the same time, a committee headed by Mrs. Earl White conducted classroom parties for the various grades. Additional classroom parties were held Friday at Woodrow Wilson primary school.

17th District, CCPT Holds Last Executive Board Meet Last Week

Selecting as the theme "Developing Golden Opportunities For Youth," plans for the coming year were outlned at the Seventeenth district, CCPT executive board meeting held last week at Peninsular Avenue school in San Mateo.

Mrs. J. M. Foley, district president, introduced the directors and called for ratification of chairmen and committees.

Material on program planning was given to the new association presidents and program chairmen by Mrs. Mayo, program service chairman. Robert Moore, head of the safety education program in San Mateo county schools, outlined briefly possibilities for programs on safety. Budget planning and financial information was presented.

First meeting of the district next year will be the annual school of information scheduled for September 16.

Where They Originated

Brussels sprouts, cabbage, broccoli and celery originated in the Scandinavian countries, pineapples in Brazil and the white potato in Argentina.

More About New State Vehicle Law -- Effective July 1st

An estimated 250,000 California traffic accidents during the next 12 months will fall within provisions of the new Financial Responsibility Law which becomes operative July 1, Motor Vehicles Director A. H. Henderson said today.

"An accident must involve injury, death or damage of more than $100 to the property of any one person to be reportable," said Henderson.

"Under present price schedules for automotive repairs it isn't difficult to cause $100 worth of damage. The penalty for failure to make such a report to the Department of Motor Vehicles within 10 days after an accident will be suspension of a driver's license."

Since most accidents involve two or more vehicles it is anticipated that at least 500,000 reports will be received under the law during its first year of operation.

Although a new statute in California, this same idea has been tried in various forms in other states.

In addition to the reporting requirement, a driver involved in one of the types of accidents covered by the law, must post security to cover any possible damages within 60 days of such a mishap.

Since standard automobile liability insurance meets security provisions of the act it has become erroneously known as "compulsory insurance law." Standard automobile liability insurance is that which provides limits of $10,000 for death or injury of two persons, $5,000 for death or injury of one person in any one accident and $1,000 for property damage.

There is no compulsion to buy insurance, Henderson explained. A motor vehicle may be registered in the state without displaying evidence of insurance and it is not required in obtaining a driver's license.

In many other states the owner as well as the driver must demonstrate financial responsibility. But in California the only time the owner is held accountable under this law when he is not the driver is when the operator of his vehicle is physically incapable of reporting an accident to the Department of Motor Vehicles at Sacramento. In that case it becomes the rseponsibility of the owner to report as soon as he learns of the mishap.

Many other states have lower property damage levels than California's above which an accident must be reported. New York, for example, requires accidents involving only $25 or more to be reported while in many other states the minimum is $50.

California's law also differs from those in many other states in that the driver of a vehicle that is legally stopped, standing or parked is not required to post security.

MARINES GET THE SWING OF IT...This sort of thing might be all right for circus acrobats and people lost at sea in life rafts, but it is not recommended as a diversion for the average man who likes to have his pipe and slippers brought to him in the evening. This particular maneuver was carried out by Marines at Quantico, Va., in a demonstration of the marine corps' new air-sea rescue technique. Hazardous though it may look, ascending from a life raft into a helicopter is still better than staying on the raft. Further demonstrations of air-sea rescues were held in connection with the 36th anniversary of the marine corps aviation section..

NEWS COLUMN FOR THE VETS

The fall enrollment at California universities and colleges will probably show a slight decrease in the overall number of veterans seeking admission to the schools, Veterans Administration officials believe.

Last fall the enrollment of veterans in VA Branch 12 area schools (California, Arizona, Nevada and Hawaii) reached a record high of 169,000.

VA officials believe that the decrease will be reflected in the number of veterans seeking admission to junior colleges. Veteran enrollment at junior colleges may fall off as much as 25 percent in some cases, VA officials report.

No decrease is anticipated in the number of veterans seeking admission to the larger schools, such as the University of Califofnia, Stanford and University of Southern California.

A survey of the larger schools this spring revealed that the largest number of veterans were in the sophomore year and the second largest in the freshman year.

In addition, many veteran graduates of junior colleges are expected to seek admission to the larger schools this fall.

The large schools also expect a great many veterans to remain for graduate work. At Stanford and the University of California, three-fourths of the graduate students are veterans.

A survey made last fall on the Berkeley campus of the University of California revealed that many California resident veterans intended to continue in graduate work with the aid of state funds after their G-I benefits expired.

VA officials advise veterans planning to attend schools next fall to make the necessary arrangements as soon as posible. If the veteran needs a certificate of eligibility he is urged to secure it at the nearest VA regional office immediately.

Question: I am going to school under the educational provisions of the G-I Bill and would like to know whether I have to get prior approval from VA if I wish to change my course?

Answer: If you are studying in a public high school or college you no longer will need prior approval from VA before changing your course. The change now may be approved by your school.

Question: How many persons in the United States are eligible for Veterans Administration benefits?

Answer: It is estimated that more than 46,000,000 persons (living veterans and their dependents) may become eligible for VA benefits under present laws. By 1962 the figure is expected to rise to 62,300,000.

Joseph Hairbaut

Funeral services were held last Friday morning for Joseph Damien Heirbaut, 66, retired baker, who died June 16 at Community Hospital.

A native of Belgium, Heirbaut had made his home for the past four years at 238 Miriam street. He is survived by his widow, Louise Marie Julia Heirbaut.

Mas was celebrated at Our Lady of Perpetual Help Church, followed by interment in Holy Cross Cemetery. W. C. Lasswell Mortuary handled funeral arrangements.

New Arrivals

To the wife of Arnold C. Logue, jr., 363 Willits street, June 12, a son.

To the wife of Eldridge J. Scuitto, 299 Rhine street, June 8, a son.

To the wife of Donald P. Carpenter, M. D. C,olma, June 16, a daughter.

Trout Limits Taken

Trout anglers have taken many fine limits lately from Lake Alpine in Alpine County.

Additional floodlighting and a renovated interior will make the Agriculture Building even more attractive when the California State Fair is held September 2 through 12.

Centennial Village, formerly known as Cabana Court, is being remodeled for the California State Fair, September 2 through 12.

Electric light bulbs of various sizes totaling 35,000 will be used to illuminate the grounds when the lights go on at the California State Fair September 2.

Three waterfalls in the Hall of Flowers will form an attractive background for an exotic flower display when the California State Fair September 2 through September 12, is held.

Safe Driver

Engineers can supply cars with safe tires, safe brakes, and safe steering mechanisms, points out National Automobile Club. Only the responsible individual can supply his car with a safe driver.

Resolution No. 1033

GIVING NOTICE OF PROPOSED ANNEXATION OF UNINCORPORATED TERRITORY WESTLAKE ANNEX

RESOLVED, by the City Council of the City of Daly City, San Mateo County, California, that

WHEREAS, a written petition signed by Henry Doelger Builder, Inc., a California corporation, has been presented to this Council, which petition contains a description of certain uninhabited territory in the County of San Mateo contiguous to the City of Daly City, and requests the annexation of said territory to said City pursuant to the provisions of Annexation of Uninhabited Territory Act of 1939 (Deering General Laws, Act. No. 5162, as amended);

WHEREAS, it appears and the Council finds that said Henry Doelger Builder, Inc. is the owner of not less than one-fourth of the area of the land in such territory and representing not less than one-fourth of the assessed value of such territory according to the last preceding equalized assessment roll of the County of San Mateo in which such territory is situated; and

WHEREAS, it appears and this Council finds that said territory and the City of Daly City will each be benefited by the annexation of such territory to said City;

NOW, THEREFORE, IT IS ORDERED, as follows:

1. That Tuesday, the 6th day of July, 1948, at the hour of 8:00 o'clock P. M., California Daylight Saving Time, in the Council Chambers of the City Hall, Daly City, California, is hereby fixed as the time and place when and where any person owning real property within such territory so proposed to be annexed and having objections to the proposed annexation, may appear before the City Council of the City of Daly City and show cause why such territory should not be so annexed.

2. At any time not later than the hour set for hearing objections to the proposed annexation, any owner of property within the territory proposed to be annexed may file written protests against the proposed annexation. Such protests shall state the name or names of the owner or owners affected thereby and the description and area of such property in general terms.

3. A copy of this resolution shall be published once a week for two successive weeks prior to the hearing in the Daly City Record, a newspaper of general circulation published in said City.

4. The territory so proposed to be annexed and the exterior boundaries thereof are more particularly described and set forth in Exhibit "A" hereto attached and by reference incorporated herein, which territory is hereby designated as "Westlake."

* * * * *

I hereby certify the foregoing to be a true copy of resolution adopted by the City Council of the City of Daly City, California, at a regular meeting thereof held on the 14th day of June, 1948, by the following vote of the members thereof:

AYES, and in favor thereof, Councilmen: Bertetta, Green, Mooney, Gaggero.
NOES, Councilmen: None.
ABSENT, Councilmen: Battye.

B. C. ROSS
City Clerk of the City
of Daly City

APPROVED:
A. J. GAGGERO
Mayor

OFF THE BLOTTER . . .

A dozen automobile accidents in Daly City and surrounding communities during the past week resulted in varying degrees of damage to the cars involved.

A car driven by Frank Kosta, jr., of San Francisco was damaged last Thursday when it crashed into the back of a street car which had stopped at Mission and Templeton streets to discharge passengers. D. Suliatus was motorman of the street car.

Slight property damage resulted Friday in an accident at Hillside boulevard and Price street, involving cars driven by Fred John Liner of Colma and Edward Runge of San Francisco. A car owned by Howard Fletcher, 201 Vista Grande avenue, and parked in front of 6322 Mission street, sustained damage to its right side last Saturday when an unidentified vehicle side-swiped it.

A car driven by Ray Marsh, of San Francisco, was slightly damaged Saturday as it pulled away from the curb in front of 12 Wellington avenue, striking the right fender of a car driven by Joseph Alberta, jr., 11 Risel avenue.

Herbert P. Eickboy, of the Mission Auto Court, backed his car into one owned by John Hazelwood, 146 Beplar street, as he pulled away from the curb at 6389 Mission street. Hazelwood's car was double parked.

Slight damage resulted Sunday from an accident in front of 7360 Mission street, involving cars driven by Mrs. S. Cantera, and Benjamin J. Weinberg, of San Francisco. An accident occurred Sunday in front of the Mission Auto Court, between a car driven by Robert L. Breckenridge of Hamilton Field and a street car handled by Peter Crockriel of San Francisco.

Both cars were damaged Sunday in an accident at School street and Junipero Serra boulevard. Drivers were Albert Hansen and Ernest C. Pierard, boht of San Francisco. Damage also resulted in a three-car mishap Sunday in front of 2141 Junipero Serra boulevard. Drivers were Henry J. Hawk, San Francisco; Raymond E. Giorgi, 115 Santa Rosalen, and Jack Salonisen, of 1639 Sweetwood drive.

Police secured identification of a car which sideswiped one driven by Joseph Borelli, of San Francisco, as it traveled south on San Jose avenue Monday. Walter C. Beermann, of San Francisco, and Edward E. Gigli, 6842 Mission street, were involved in a minor automobile accident Monday at the E. Moltke street-Mission street intersection.

The Daly City Police Department is seeking identification this week of a dark colored pickup truck which reportedly fled after hitting a car driven by Ester P. Heise, 51 Werner street, on School street Tuesday. The right rear fender of the Heise car was damaged.

An unsuccessful attempt to break into the Central Creamery on Mission street was discovered last Thursday morning when the proprietors opened the establishment for business. Marks apparently caused by a crow bar, one-half inch wide, were found on the rear door and door frame.

Kenneth Beckwith of San Francisco was booked for investigation Tuesday after what appeared to be mistaken identification of his own car. Beckwith was found asleep in a car owned by Lyman T. Nay, of San Francisco, after driving it from its parking place at Knowles and Mission, and parking at Knowles and San Diego. His own car was later found where he had left it—parked near Duffy's Cavern at Knowles and Mission.

Joan Jobson, 13, of 300 Westlake avenue, was taken to Junipero Serra Hospital for treatment of head injuries last week after she fell from her bicycle in front of 121 South Park street. Thirteen-year-old Paul Delbraccio, of 537 Hillside bboulevard, also received treatment at Junipero Serra Hospital when he was burned in a gasoline fire last Saturday at his home.

Nadine McDonnell, Dick Little Wed Saturday In S. F.

Rice and old shoes claimed another adoring couple last Saturday evening as Miss Nadine Lorraine McDonnell and Richard Lewis Little, popular members of Daly City's younger set, exchanged vows at St. Frances Episcopal church.

The traditional formal wedding rites were performed at 5 p. m. by the Reverend Pannell. A. L. McDonnell gave his daughter in marriage.

As the familiar strains of the Lohengrin wedding march rang out, a trio of attendants preceded the bride and her father down the aisle. Nadine, gowned in white satin with a finger-tip length veil, carried a spray of bouvardia and a purple-throated white orchid over her white prayer book. Tiny seed pearls adorned the sweetheart neckline of her gown and the heart-shaped crown which held her veil. Satin covered buttons fastened the back of her fitted bodice, and her bustle skirt ended in a long train.

Mrs. Richard Baer was matron of honor for her cousin, wearing a summer gown of blue dotted swiss and carrying yellow gladioli. The bridesmaids, Miss Corrine Cuneo and Miss Doris Vernengo, wore identical gowns of yellow, with fitted bodice and off-the-shoulder neckline; their hoop skirts drawn up over lacy peek-a-boo petticoats. Their flowers were peach gladioli.

For something old, in keeping with the age-old bridal tradition, Nadine donned a pair of filmy stockings; for something new, a strand of pearls. Her something borrowed was her mother's watch, and blue was the lace and ribbon garter which is worn by all brides in her circle of friends.

Lending support to the bridegroom was Rodney Dawe, while Frank Rehe, jr., and George Riccomi performed the ushering duties.

Candlelight illuminated the tables at the Starway Restaurant, where 14 members of the wedding party and family gathered for a wedding supper. The dinner was followed by a reception at the Italian-American Social Club, with some 350 guests complimenting the justweds. Doris Vernengo caught the bride's bouquet. A four-tier wedding cake, topped with a miniature wedding pair, was cut by the bride and bridegroom.

Standing in the receiving line, Mrs. McDonnell wore a dress of aqua print with black accessories. The bridegroom's mother donned a navy blue ensemble. Both wore orchids at their shoulders. A special guest at the wedding was Dick's grandmother of Healdsburg.

After a honeymoon at Strawberry Lodge, near Lake Tahoe, the justweds will make their home temporarily in Daly City.

The young Mrs. Little, a graduate of Jefferson High School, is assistant to Doctors George and John Karsant at the Daly City Dental-Medical Center.

Dick, whose mother is Mrs. Thelma Little of Visitacion Valley, also attended Jefferson High. He is employed by the Moore and Roberts Company.

THINK BEFORE YOU ACT

The driver who thinks only when he moves into a traffic lane from a parked position is guilty of not thinking at all. The thinking driver looks carefully fore and aft, then signals his intentions before starting.

"Gala Night" For El Carmelo Parlor Native Daughters

By Lucille Wohler

June 16, 1948, was a gala night on the calendar of El Carmelo Parlor No. 181 N. D. G. W. The events making it such were: Presentation of twenty-five year pins, initiation, celebration of a golden wedding anniversary, and the visit of the deputy grand president.

Charter member Hattie Kelly, who has served El Carmelo Parlor so faithfully as recording secretary, presented twenty-five year pins to those women who this year are celebrating twenty-five years of membership in the organization. After directing very appropriate remarks to those ladies, Mrs. Kelly presented silver pins to Romilda Grandona, Christine Hulme, and Rose Mowry. Unable to be present were Fabianna Bettencourt, Anne Biggio, Charlotte Ford, and Marianita Ver Linden.

On this same evening, two new names were added to the roster. President Dorothy Linehan and her corps of officers conducted the ritualistic ceremonies at which Dorothy Hansen and Hope Loftin became the two newest members of the parlor.

On June 8 Pauline Quirolo, the organizer of El Carmelo Parlor No. 181 celebrated her golden wedding anniversary. On that day, n their home, Pauline and her husband, Frank Quirolo, were presented with a golden gift from the members of the parlor she organized thirty-eight years ago. At the meeting of the organization on June 16, Pauline was again presented with a remembrance—this time a plant in a gold colored flower pot.

Dolores Bozzo of Bonita Parlor No. 10, Redwood City, has served as Deputy Grand President to El Carmelo Parlor No. 181 for the past year. It is always a pleasure to welcome her at our gatherings, but at this one it was realized it was her last visit before bringing her official year to a close by installing the new officers on July 7, 1948. Her sincerity will long be remembered by the friends she has made this past year.

The banquet hall had been decorated in silver and gold to carry out the theme of the evening. Chairman Ellen Pieri had placed yellow pansies and silver-gilt leaves on each of the tables, where silver and gold paper plates had been set. Members of the committee served stuffed rolls, relishes, ice cream roll, cake and coffee to those attending the last meeting of the term.

BE EXTRA CAREFUL

The school term has ended, but the motorist's responsibility for careful driving where children may be congregated or at play has not. The California State Automobile Association points out that responsibility for the safety of children has increased, because during the summer months the children do not have the protection of School Safety Patrols.

Bill Higgins Home On Leave From Navy

A familiar figure around Daly City this week is Bill Higgins, home from the navy on a three-week leave.

Bill spent part of his leave time in Jackson visiting his uncle and aunt, Mr. and Mrs. Jim Dorrance, who moved there recently from Daly City. He will leave again next week for San Diego, where he is stationed aboard the destroyer, Lyman K. Swenson.

Bill, the son of Mr. and Mrs. William F. Higgins of 146 Woodrow street, will be discharged from the navy in October, after three years' service.

11 a. m. Services Sunday At Ocean View Com. Church

Members of the Ocean View Congregational Community Church and of the surrounding community have been invited to attend services at 11 a. m. Sunday, at 146 Broad street.

Theme of this Sunday's sermon will be "Remember All the Way," according to the Rev. Joseph H. Bennett, minister.

The Rev. Bennett also has made clear his willingness to lend counsel to anyone so desiring. Friends may call at the parsonage, 144 Broad street next door to the church. Located just off Plymouth avenue, it is only three blocks from Sickles corner.

The new Boy Scout troop instituted by the church holds its meetings at 7 p. m. each Monday. Boys over 12 and just under are eligible for membership.

ABOUT TOWN . . .

Mrs. E. M. O'Brien, a former Daly City resident now living in Santa Cruz, is visiting friends here this week.

Mrs. Frances Frellson spent last week end at Monte Rio, visiting her daughter, Jacquia, who is vacationing at Camp Imelda.

Henry Sari, jr., is convalescing at home, 7 Risel avenue, this week after an operation at St. Mary's Hospital in San Francisco.

Bonnie Ellenwood, Elynor Hatch, May Fitch and Ann McKittrick, of the Old Glory Auxiliary, are attending the state convention of the V. F. W. at Los Angeles.

Crocker P. T. A. Closes Year With Grads' Luncheon

Mrs. Effie Jordan, president, Mrs. Hilda Blackburn, and Mrs. Eve Hobbs represented the Crocker Parent Teacher Association last week at the 17th District's last executive board meeting of the year.

The week also marked the end of local P. T. A. activities for another year, with the Crocker group feting its graduates at a luncheon Wednesday noon.

Special guests at the affair were Miss Marjorie Tobias, principal; Mrs. J. Haggard, and Coach Bob Seiler. Games were played after the luncheon.

Assisting Mrs. Blackburn with the hostessing were Mesdames J. Thatcher, Margaret Prescott, Thelma Holcomb, Mildred Seiler, Effie Jordan, G. Mejia and A. Owen.

Kathleen Day Announces Troth To Myron Heggum

The dainty blue garter which has made the round of weddings in one of Daly City's popular young sets this year has received another bid.

Miss Kathleen Day, daughter of Mr. and Mrs. V. R. Day of 401 Willits street, has added her name to the list of brides-elect. On the third finger of her left hand, Kathleen is wearing a sparkling solitaire—presented to her last Saturday by Myron F. Heggum of 145 Flournoy street.

Although Kathleen and Myron say their wedding plans are indefinite, their friends predict wedding bells in the not-too-far-distant future.

Kathleen, a graduate of Jefferson High School, is secretary to Stanford Hannah, school superintendent. Myron, also a Jeff alumnus, is an army veteran, with service in the South Pacific.

First Steam Turbine

Gustaf de Laval, Swedish scientist, in 1882 built his first steam turbine.

Nine-Pound Son Born To John Mosmans, jr.

Donald Arthur Mosman, who first saw the light of day at 3 a. m. Monday, June 21, has set an all-around record.

The nine-pound boy is not only the first child born to Mr. and Mrs. John Mosman, jr.; he is the first grandchild for all four of his grandparents—Mr. and Mrs. John Mosman, sr., of Daly City, and Mr. and Mrs. M. J. Luiz of Oakland.

Don also has a few great grandparents, and one great-great; the lucky boy.

Druid Delegates At State Convention This Week In Santa Barbara

Delegates to thestate convention of the United Ancient Order of Druids this week are Grace Hill, Martha Wegner, Winifred Evans and Lillian Felch, of Hillcrest Circle No. 143.

The convention is in session at Santa Barbara.

Hillcrest Circle will be hostess next Monday at a whist party at 8:30 p. m. in the Masonic Temple. Winifred Evans, Lorraine Todhunter and May Baker are co-chairmen of the affair.

Robert Capps Feted Recently On Graduation

A buffet supper and social get-together honoring Robert Capps upon his graduation from the University of California was given recently by his parents, the Walter H. Capps, and parents-in-law, Mr. and Mrs. Felix Foreman.

The party was held after UC commencement exercises, at the Foreman home on Woodrow street. Some 30 guests, including fellow graduates and members of his family, assembled to honor Robert and his wife, Barbara.

Those present were Messrs. and Mesdames Leslie B. McGeein, Ernest Montani, Glen Coleman, Joe Christensen, Kenneth Turner and the senior Turners, Ralph Capps, Hubert Capps, Gene Capps, Bud Henley, William Rigler and David Foreman; Mrs. J. C. Foreman, Miss Betty Lindsay and Miss Peg Hanley.

USE LINEN CLOTH

For efficient cleaning of auto bile windows and windshield, clean linen cloth is advised by t California State Automobile As ciation. Linen is not only free fr lint, but has the special property removing dirt and grease fr glass.

How to dam a mountain river

Feather River trout are getting a new stream bed temporarily, as the first step in a power project that will soon create 270,000 new electrical horsepower for Northern and Central California. This is the site of P. G. and E.'s Rock Creek Diversion Dam, near Belden...and work is going ahead rapidly with many interesting engineering tricks speeding progress. For example:

While the river splashes in its new channel, a small rock dam keeps the main river bed dry. Once the large dam is complete, water to turn generators will be carried to a powerhouse down stream through giant tunnels.

Architect's sketch shows how the dam will look. It's one of two dams on the Feather River which will start delivering power by the Fall of 1949. Meanwhile, P. G. and E. is rushing all construction at a rate of over $10,000,000 a month.

Work never stops on our power-building program

Mrs. F. Nenstiel To Serve On District Committee

Mrs. Frances Nenstiel, past president and parliamentarian of the General Pershing Parent Teacher Association, will serve on a committee for district correspondence during the 1948-49 term.

The local P. T. A. executive was elected to the post last week at the 17th District's last executive board meeting of the year. Mrs. Nenstiel was accompanied to the meeting by Mrs. Dolly Gensel, president, and Carol Freeland, program chairman.

Purpose of the session was to coordinate the objectives of the new year, and to instruct unit officials in finance, recording and program procedure. Theme of next year's work will be "Developing Golden Opportunities for Youth."

Concluding the year's activities last week, the Pershing unit feted the school children with ice cream parties in their classrooms. Mrs. Gensel and Mrs. Nenstiel were hostesses.

New Chairman Named To Head Women's Republican Campaign

Mrs. Merritt Hosmer of San Carlos has been appointed campaign chairman for the Council of Republican Women by Mrs. Myrtle Clark Stearns, president of the San Mateo Chapter.

Mrs. Hosmer heads the campaign committee of women from each city in San Mateo County. Her committee is part of the campaign committee organized by all the Republican organizations in San Mateo County.

Any volunteers who wish to participate in the coming campaign may communicate with Mrs. Hosmer or with the headquarters.

Trout Anglers Have Luck

Trout anglers have been enjoying first-rate sport during this past week on Big Bear Lake in San Bernardino County, according to the National Automobile Club.

D. C. Boy Enroute To Pearl Harbor On Training Cruise

Arthur Stanley Harberts, of 321 Peoria street, is one of 34 Bay Area Naval Reserve Officers Training Corps midshipmen from the University of California aboard a Pearl Harbor-bound convoy.

The cruise is designed to train the future naval officers in latest methods of amphibious warfare and gunnery practice, and will afford the NROTC students an opportunity to put into practice the theory learned in naval science courses at college.

Injurious to Chicks

If the brooder house is given a heavy spraying with creosote or a coal tar disinfectant, the chicks should not be placed in the house for several days. The strong fumes are injurious to chicks.

Information For Vets Seeking State Civil Service Jobs

Floyd D. Granger, Veterans Service Officer warned veterans and all other persons interested in taking State civil service examinations that applications must be filed with the State Personnel Board by the announced deadline for each examination or be postmarked before midnight of that day.

Granger said complete information as to education, training and experience in meeting the entrance requirements for the examination must meet the filing date deadline.

Previously the Board has allowed some information to arrive after the deadline without disqualifying the applicant. However, the increase in applications from 2,500 to 5,000 a week has made necessary the new rule that all information be in the hands of the Personnel Board on time.

Granger urged all candidates to file early in case applications are returned for additional information in order to qualify.

Veterans preference forms and State civil service application blanks are available at the Veterans Service Office located at the Courthouse in Redwood City.

Veterans without disability get 10 points credit and need make application only once if qualified for preference. Disabled veterans get 15 points credit and must file for each examination.

Credit preference should not be confused with filing application to take a specific examination.

Renner Nine Beats Santa Cruz Team

The Walter Renner Real Estate baseball team trampled over the Santa Cruz Casadors last Sunday in a game ending 5-1.

Pitcher Dare Leon pitched a one-sided game, allowing only two hits and striking out 12 men. Nick Petoples hit a home run in the ninth with two men on, cinching the victory.

Barracuda Taken

Good catches of barracuda have been taken during the past few days by sport boats fishing the waters off Santa Catalina Island, according to the National Automobile Club.

Meeting, Court St. Mary No. 1155, CDA, Masonic temple, 17 Hillcrest drive.

Local Students Win Awards At S. M. Junior College

Many students outside the San Mateo-Burlingame area were listed among those receiving honors and awards at the San Mateo Junior College Commencement at which 478 high sophomores received diplomas granting the Associate in Arts degree. Their names follow:

Viscount Allen of Palo Alto led his classmates with a record of straight "A" work for his two years in college.

Winning life membership in the California State Junior College Honor Scholarship Society were Allen; James Barrett of San Carlos; Glen Goode and Philip Morales of Daly City; Charles Hepburn of Palo Alto; Robert Smeaton of Millbrae; and Bettye-jo Sode of San Bruno. Graduating with honors were Curtis Knight, Leland Lewis and Mary Ann Woelfl of Redwood City; Evelyn Lockett and June Weir of San Bruno; Jean Schreiber of Daly City, Gwen Dam of Millbrae; Robert Coombs of Palo Alto, and Ronald Lempriere of Menlo Park.

Philip Morales of Daly City was given the scholarship donated by the University of California Alumni; Cloyde Hoover of Millbrae won the scholarship given by the Burlingame Rotary Club; La Verne Brazil of San Gregorio was one of the winners in the Kirkbride contest for research work in San Mateo County History (she wrote on the Moore family in Pescadero); and Ann Dunbar of San Carlos, Robert Evans of Daly City and John Thompson of Redwood City were presented service awards for their work for the college and student body.

Now that the college has closed for the summer vacation, preparations are being made for the Fall term opening in September. Also, the college Canning Center is installing new machinery to give added service to Peninsula housewives who will soon be canning fruits, vegetables, and meats. Interested canners may get full information by contacting the cannery office on Baldwin avenue, San Mateo.

Bill Freeman Wins 11-Inning Game

Daly City's Bill Freeman, presently hurling for the Seals' class "A" farm club at Yakima, pitched eleven full innings of baseball Saturday, June 5. In this, Freeman's longest single assignment, he allowed only six hits, won 3 to 2, and came out in great shape. It was Bill's fifth win of the season, and his best game. Earlier in the week, Freeman had lost his first of the season, a game called in the 6th on account of rain but charged as a 5 to 3 loss nevertheless. Last week the local ace suffered his second loss, bringing his season record to a total of five wins and two losses, a very impressive record with a poor ball club. Southpaw Bill Freeman is pitching in a fast league which his team is trailing with, the last we heard, a 21 win, 27 loss record.

Natalia Cabral, Louis Poletti Wed In Colma Ceremony

Honeymooning in Canada this month are the newlywed Louis John Polettis, who were married at recent formal rites at Holy Angels Church in Colma.

The bride, the former Natalia Jean Cabral, was given in marriage by her brother-in-law, Max Kinnard. Her sister, Mrs. Kinnard, was matron of honor, while Mrs. Bill Light, another sister, entered as bridesmaid. Orlando Poletti performed the duties of best man, and Bill Light ushered guests to their seats.

The Rev. John Morrissey read the nuptial vows, before an altar banked with white summer blossoms. Bouquets of white flowers marked each pew and formed a path through the entranceway. Decorating was done by the bridegroom's brother, Orlando Poletti.

A shower bouquet of 12 white orchids and phalaenopsis was carried by the bride, whose long-trained white satin gown was matched in length by her veil. The bodice, fitted with covered buttons down the back, was topped with a brocade yoke. A crown of seed pearls held her veil and face veil in place.

The matron of honor and bridesmaid wore identical gowns fashioned on old fashioned lines—one acqua and one lavendar. Their full hoop skirts were drawn up to reveal filmy lace petticoats beneath, and their sheer shoulder yokes ended in brief cap sleeves. Their ruffled, open-crown hats matched their dresses. Shower bouquets of a dozen orchids, similar to the bride's, though in lavender and orchid shades, were carried by the attendants.

After a wedding supper at Oliver's Restaurant, a reception was held for some 500 guests at Lovchen Gardens in Colma. The bridegroom's mother, Mrs. Rose Poletti, donned a light grey box suit with black complements for the occasion. The bride's parents, Mr. and Mrs. J. DeOliveira of Oakland, were abroad, and unable to be present for the wedding.

On their return from the honeymoon next week, the young newlyweds will make their home on A street, in Colma.

The bride, a graduate of Castlemont High School in Oakland and of Mary's Help College of Nursing, is a registered surgical nurse at Mary's Help Hospital.

LET MOTOR COOL

Cold water poured into the automobile radiator before an overheated engine has had an opportunity to cool may cause the cylinder head to crack, warns the California State Automobile Association.

The 1949 Ford station wagon is new and revolutionary in every respect. It is the first to use two extra-width safety doors; the first full-size eight-passenger wagon to employ all-steel construction. Wood panels are bolted directly to the steel frame. Extra strength built into chassis and body assure quiet, trouble free operation.

Mailing Machine Installed In Main Post Office

San Francisco's first Mailomat, a coin-operated, self-service mailing machine, was installed in the lobby of the Main Post Office, 7th and Mission streets, June 21 at 2:30 p. m. One is also to be located at Rincon Annex Station, Mission and Steuare streets, sometime this week.

The latest invention of Pitney-Bowes, Inc., is an enlarged, public-use version of the familiar postage meter used in thousands of business offices all over the country. It automatically prints directly on letters of varying sizes a self-canceling, postmarked meter stamp in denominations from one to thirty-three cents, and then mechanically deposits the mail in a built-in letter box for scheduled collection.

The operation of the Mailomat is very simple. You deposit the necessary coins (3c for an ordinary letter, 5c for air mail, etc.), turn a dial to register the value of the postage wanted, and insert the letter in a slot. The machine does the rest: pulls the letter out of your hand, imprints it with the meter stamp and dated postmark, and holds it in its mail box for the next regular collection."

Postmaster McCarthy pointed out a number of other advantages. The machine will charge no fee or premium for postage. The imprinted postage, like any other form of metered mail, needs no post office cancelling or postmarking, thus frequently insuring earlier dispatch on outgoing trains and planes.

Security Loan Campaign Leader

Chicago, Ill.— O. E. Peterson, Secretary of Kiwanis International, named executive secretary of Security Loan committee of representatives of national fraternal, veterans', women's, and civic service clubs. Community units of each of the many national organizations will assist local savings bonds committees to contact every potential buyer of savings bonds at home or at work.

Puerto Rican "Boom Town"

San Juan, Puerto Rico, is America's newest boom town. Here 50 million dollars is being expended for 11,000 new homes for Puerto Ricans. Two smaller projects, one for 250 homes and another for 550 homes, totaling more than eight million in costs, have already been completed. Puerto Rico is 40 miles wide, 100 miles long, and has a population of about two million people.

Navy Requests Reserved Officers Return To Duty

The Navy is asking 5000 Reserve Officers, who desire to return to active duty for one or possibly two years, to submit applications now.

Officers, except aviators, who have had experience at sea, or who wish sea duty, are particularly desired at this time.

Approximate maximum age limits established by the Navy Department are: Commander, 45; Lieutenant Commander 40; Lieutenant and below 36.

Officers who are approved for active duty during the fiscal year 1949 may expect opportunities for further retention beyond the twelve month period, but definite commitments can be made only for the period for which appropriations are known.

Applications for this duty should be submitted to the Bureau of Navy Personnel via the Commandant of the Twelfth Naval District.

3rd Anniversary Of United Nations To Be Celebrated

The youth of San Francisco are celebrating the third anniversary of the signing of the United Nations Charter at a public meeting in the War Memorial Auditorium this Saturday evening.

The original setting of the signing three years ago will be duplicated, and the young people from some 60 schools and organizations in San Francisco will represent the countries who signed the Charter. An emphasis will be placed on the positive accomplishments of the United Nations during the first three years of history. Part of the ceremony will be a rededication to the aims set forth in the preamble of the United Nations Charter.

Part of the ceremony will be the presentation of a book to Judge Roberto Regala, Philippine consulate general, which will represent one of the more than 30,000 school books collected by the San Francisco high school students to be presented to the Philippine school children. This has been one of the projects carried out by the Youth Association during the past year.

David Herlihy of St. Ignatius is president of the Association, and Mrs. Nion Tucker is chairman of the adult advisory council.

It was emphasized by Thomas A. Rowe, executive director of the Youth Association, that the public is invited to attend this meeting which will begin at 7:30 p. m.

Byron Price, assistant secretary general of the United Nations, is flying out from Lake Success to be the speaker at the ceremony.

Moose Women To Install Officers In Tuesday Rites

New officers of San Francisco chapter No. 739, Women of Moose will be installed next Tuesday evening in a brilliant ceremony at Odd Fellows Hall on Sevier street.

Those to be installed are:

Claire Keney, jr. graduate regent; Gertrude Koenig, senior regent; Vivian Lasko, junior regent; Clothilde Guerrazzi, chaplain; Emma Heyberger, guide; Elsie Kliller, assistant guide; Janice Wharton, argus; Kathleen Page, sentinel; Gladys Sisco, recorder; Dorothy Sciacca, treasurer, and Florence Larsen, pianist.

Tonight, the chapter will celebrate its 25th anniversary, with a large class initiation scheduled for the event. Catherine Jervis, membership chairman, will be hostess.

KEEP WATER CIRCULATING

Sufficient heat is developed by the average automobile engine to warm a six room house in zero weather, points out the California State Automobile Association which warns that even a slightly clogged radiator retards circulation of water and causes overheating. In order to dissipate excess heat, water must circulate freely through the engine block and radiator.

Auto trains will again provide comfortable transportation for visitors at the California State Fair September 2 through 12.

We FORD Dealers Offer
THE BEST Reconditioned Engine Value IN TOWN!

Read these facts, and you'll know why it pays to bring your Ford back "home" to us for a real reconditioned engine!

If you're in the market for a reconditioned engine, you'll find it makes good sense to buy it from your friendly Ford Dealer.

There's one big reason why it's true. Our rebuilt engines come from reconditioners who work to Ford Motor Company standards and who are authorized by the Ford Motor Company itself. They use quality parts and specialized equipment to do a complete, careful rebuilding job.

What's more, we Ford Dealers stand back of these engines. We put too much value on our reputation for fair dealing and quality workmanship to give you anything less than the best rebuilt engine money can buy.

Our rebuilt engines cost more than those available from other sources in town . . . but they're rebuilt to give you lots more miles of real performance and trouble-free service. You get what you pay for, and when you get a rebuilt engine from us, you get the best that we can produce.

We welcome the opportunity to show you the real differences between our rebuilt engines and those provided by others. Stop in soon. Get the facts for yourself before you buy.

PORTS

By Ralph Capps

June 10 spectators were d to two thrilling and tense ime games in the Jefferson etball league. In the first Colma Boys club and Speed r battled nip-and tuck, Speed g steady but not too sharp while Colma put on flashes of past form to stay even with intoxicating five."

e game went into three min- overtime when at the final the scoreboard read Colma Club 27-Speed Liquors 27. e overtime, amid the yelling screaming of the crowd, Speed r's muscle men were tense, made each shot count; and a minute and a half to play, score tied up at 30 all, Big Nassano was fouled. The ex- ely noisy spectators became d as they knew that this mean the game. Big Bill ed up to the free throw line, ced the ball, took aim, and —score: Colma 31 - Speed nd the Colma rooters loved

e two teams tore up and down court, until suddenly Back- of Speed Liquor let fly with nds remaining and won the 32 to 31. It was a heart- ker for the Boys Club, but a y ending for Speed Liquor. ing scorers were Backlund of d Liquor with 11, and Nassa- f Colma Boys club with 6.

e second game, a much antici- d "Battle of the Roofers," ed anti-climactic after such rilling opener. Then too, the ators were probably all yell- ut. Alex Johnson's five, us- scrappy and alert, seemed what yelled out themselves ng the first half. American Maintenance led at the half 17 to 15 score, just close en- to keep the game from seem- too dull. American Roof came n the second half and stretch- he lead to 21-15 at which the ing Johnsonites called a time and switched from their shift- zone to a man to man. The ge seemed to confuse the

S.F. Naval Base Greatest In World At Present Time

Visitors to San Francisco Bay cities may see, at first hand, activities of the World's Greatest Naval Base. On the shores of this remarkable harbor are a half dozen cities whose integrated interests support over a half billion dollars of our Navy's plant account. In San Francisco and at Vallejo are two of the largest Naval Shipyards. Oakland, Alameda and Sunnyvale each has a major Naval Airfield. The University of California at Berkeley and Leland Stanford University at Palo Alto participate in the Naval Officers Training Plan, each with a corps of midshipmen. Two of the largest Naval Hospitals are at Oak Knoll, in Oakland, and at Mare Island, in Vallejo, the latter the Navy's artificial limb center. On Treasure Island, reclaimed from the Bay's bottom in the thirties to provide history's most picturesque World's Fair setting, there are now located some of the Naval training facilities for the Pacific Fleets. The Naval Supply Center at Oakland, developed during World War II to supply the gigantic Pacific war effort, is the world's largest terminal, warehousing center and shipping facility. It is capable of loading thirteen ocean going vessels simultaneously. Close to a million tons of combat veteran men-of-war of all types, now unmanned, but well preserved in "mothballs" (inactivated), rest moored on the Bay's waters. And in their shadows lie the battered hulks of their sister-ships sacrificed to atomic bomb tests, and returned from Bikini for research.

To operate and maintain these facilities our Navy employs 40,000 civilians and 10,000 Naval personnel in the Bay area — a strength, apart from their families, equal to the population of Santa Barbara, or Poughkeepsie.

Here on San Francisco Bay, Headquarters of the Western Sea Frontier and of the Twelfth Naval Dstrict, the citizen may inspect his Navy's training and industrial shore plants, visit an active carrier or submarine, see men-of-war under repair and walk the decks of such historic vessels as Hornet, Intrepid and Shangri-la! Thus, by direct contact, an understanding of Naval defense and its plant requirements and capabilties may be gained, effectively, under inter-

Henry J. Taylor Sponsored On Radio By Gen. Motors Co.

Henry J. Taylor, well-known to the listening radio audience through his program, "Your Land and Mine," is the author of an article, "Is Russia Prepared to Make World War?" in the June issue of the Readers Digest. The article is based on four radio talks by Taylor last February in which he reported his economic study of Russia and its potential for waging full-scale war now or in the future.

Both the article and his weekly radio talks are particularly significant and timely because of the tense international situation and its effect upon our domestic problems.

Taylor, a distinguished war correspondent, author and economist whose radio program is sponsored by General Motors, has said repeatedly that the most satisfactory approach to and solution of problems is through "people—all kinds of people and what they like, dislike and need."

M. John Soldavini of the Belli Motor Co. explained the great lengths to which Taylor goes to get first-hand, from the people themselves, their attitudes and opinions about the events which make the top news of the day.

Taylor spent several months in Europe last summer, studying political, economical and military developments. Unlike others who hopped here and there on the Continent, he drove an automobile 5,000 miles through England, France, Belgium, Germany, Italy and Greece. He talked with many of the political leaders in those countries — but he concentrated on just plain, common everyday people. He visited with them on their farms, he talked with them in their shops and in their homes. He discussed business, economic and political problems with them on the main streets and side streets of villages and towns throughout all those countries.

Taylor searched endlessly — not for information that could be read in the newspapers and heard on the radio, but for the obscure straws in the wind that forecast trends. It seems to me that he does an able and understandable job of reporting and interpreting his information with respect to the future of Europe, its probable effect upon the United States, and, indeed, upon the world.

Since returning to the United States last fall he has been in such great demand on the lecture platform that he has been obliged to limit speaking engagements to one a week.

As a correspondent during the war, Taylor traveled more than 150,000 miles talking with military and political leaders in 31 countries and covering virtually every fighting front. He was the last American to enter Germany, and get out of it, before Hitler declared war on the United States.

Natalia Jean Cabral and Louis John Poletti, now honeymooning in Canada, are shown above with their wedding party after June nuptials in Holy Angels Church, Colma. Left to right: Bill Light, usher; Mrs. Light, bridesmaid; Orlando Poletti, best man; Natalia and Louis; Mrs. Max Kinnard, matron of honor, and Max Kinnard, who gave the bride away.

"Sea Lion" Places Fifth In Regatta

With eleven ships entered in the Sea Scout Regatta at Municipal Pier, San Francisco, the Sea Lion, boat of local Ship No. 144 entered only three events, yet managed to cop fifth place. The Sea Lion took first in the "Taking-out-a-line" event, 3rd in the "shift race," and 5th in the "pulling-boat" event. Participating Sea Scouts in the June 13 outing were: Paul Rasmussen, Bob Donnelly, Don Bernando, Doug Vanderblume, Wally Sharp, Al Christenson, Ed Selson, the Huston brothers, mates Joe Mahoney and John Cheseri, and Skipper Jack Carpenter.

On Tuesday night Ship No. 144 was honored by a guest from England. The guest, Chois Games, is an English Rover Scout who wanted to see how the American Sea Scout meetings are conducted. Needless to say he was not disappointed.

Arizona Claim

Thirty-seven years before the Pilgrims landed at Plymouth Rock, a white man named Antonio Espejo found silver ore in what is now Arizona, marking the first mineral discovery in the territory.

First Steel-Frame Skyscraper

The great Chicago Fire of 1871 wiped out the entire business district and left a third of the population homeless. The city was built with amazing speed, but with metal, brick and stone to prevent a recurrence of the wholesale destruction by the fire. Out of this development came the construction in Chicago of the world's first steel-frame skyscraper.

Precaution for Motorists

Motorists leaving flooded areas or driving through heavy rainstorms should test their brakes before resuming normal driving speeds, as wet brakebands often render brakes partially or totally useless.

Fred Fazzio Hurls Fifth Win In Texas

Last week Fred Fazzio continued to impress the Abilene fans and sports writers by winning his fifth game of the season. It was Abilene's first win in its last six games, therefore a very welcome one. Fazzio struck out nine batters and allowed 10 hits in winning 12 to 5.

Fred's encounter a few days before was in the relief role. He came in with two men on and the score 8 to 6 in the 8th inning when a batter ups and clouts a homer. Fazzio was charged with a 9-8 loss, his third of the season. With a record of 5 wins and 2 losses "Firin' Fred" is still a big favorite in Abilene.

A Cleaning Hint

A garage filled with accumulated trash is splendid tinder for a vagrant spark.

Legion Team Wins From San Carlos By 9 - 6 Score

In an American Legion Junior Baseball League game played at San Carlos, last Sunday, Post No. 410 of Daly City defeated the home post 9-6. The Daly City post was trailing 4 to 6 in the ninth inning when a five run rally won the game for them. The boys showed much improvement over their last game, a 11-1 defeat at the hands of San Mateo.

All-Northern California pitcher Bill Oldfield pitched for San Mateo, and allowed only 3 hits that Sunday. Rich Verse bit 3 for 4 against San Carlos, to turn in the best hitting performance of the day. That makes it one win and two losses for the improved Daly City Post.

Frozen Precooked Foods

A recent development is the freezing of precooked foods. To serve these foods it is necessary only to heat them in a controlled oven for a predetermined length of time. Some processors put complete meals on disposable plates so that the meal can be prepared by simply heating the prepared plate. Frozen precooked foods have been most widely accepted by railroads, air lines, and steamship lines. Many apartment-house dwellers, with none too adequate kitchen facilities and little time to use those that they have, find such foods convenient.

leaders and keep Johnson's Roofers on their toes.

Immediately the game livened up and soon the lead changed hands. American Roof's Domane tied up the game just before the final horn blew, and again the crowd was in an uproar. The game went wild as each player was giving his best to win their "rival" game in the overtime. When the horn blew at the end of the overtime, the score was tied at 29 all. Referee Lear decided that the teams should play a "sudden death" overtime and get it over with. "Sudden death" is a one basket affair, the winner being whoever makes the first goal.

The players charged first to American Roof's basket, then to Johnson's. The much inspired Johnson Roofers team seemed to be the calmer of the two and kept control of the ball most of the time. Finally center Bill Wright spotted Capps between the basket and the right corner, speared the ball to him and in it went to climax the "Battle of the Roofers." Bill Degliantoni, owner of the American Roof Maintenance Company, walked over and shook the damp hand of Alex Johnson and each congratulated the other for the fine game played by his team. The "friendly rival" game was over, Alex Johnson Roofing Company coming out on top 31 to 29.

Kevich scored 8 points for American Roof, while Wright and Prescott scored 10 each for Johnson.

On Tuesday night, Conway and Culligan downed the Colma Boys club 40 to 30 after getting quite a scare in the first half. With only five players—no reserves, the Builders were trailing by ten points early in the game, but Benedetti's 15 points, 10 in the first half, kept them in the game. In the second half, a rally led by little Bobby Cannon put Conway and Culligan out in front by ten points by the end of the game. A few weeks ago Colma Boys Club might have won easily over the five Conway men who played Tuesday, but this past season basketball doesn't seem to agree with them. Don't worry about the Boys' club, however, they will be tops again next year. Valverde and Nassano led the Boys club with 11 to 9 digits apiece.

The nightcap between Speed Liquor and Alex Johnson's Roofers established some kind of a low scoring record. It was seven minutes before a point was scored; and at the half, with 20 minutes of playing under their belts, the score read Roofers 5; Speed 3; believe it or not. It wasn't because of fouls, poor shooting, lack of spirit, or exceptional defense, the ball just didn't seem to fit; it kept rolling around the hoop, then out. The second half was quite lively however, and the Roofers dropped to previously unbeaten Speed Liquor team 24 to 21. The Roofers led all the way after surpassing the 2 to 0 lead after eight minutes of play. Prescott scored 9 for the winners and Backlund tanked 14, all in the second half, for the losers.

This victory made Conway and Culligan the only undefeated team in the league, putting them in undisputed first place as termination of the league draws near.

esting and convenient arrangements.

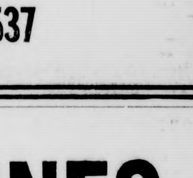

The United States Navy, in the discharge of its duty of informing the American people about the activities of their Navy, will, through this Bureau, arrange for conducted tours of Naval installations for conventions coming to the San Francisco Bay Area.

atch Out - - w Law Effective eginning July 1

alifornia's new Financial Re- nsibility Law which becomes rative July 1 calls for auto- ic suspension of drivers' li- ses for violation of its provi- s, A. H. Henderson, Director Motor Vehicles, said today.

enderson will administer the by which it is hoped to keep ven financially irresponsible ers off the highways.

The law is quite clear in re- d to such suspensions," said derson.

It specifically says that the artment shall suspend the driv- license of any resident or the ifornia driving privilege of any -resident who fails to report idents in California as re- ed.

Accidents involving injury, th or damage in excess of $100 he property of any one person t be reported within 10 days to Department of Motor Vehicles Sacramento, regardless of who o blame.

Automatic suspension also is vided in the case of any oper- r who fails to post security hin 60 days of filing an accident ort. It is intended to meet any gment for damages arising from mishap."

Henderson said the amount of urity will be determined from luation of accident reports. The partment will employ no field ce and vehicles must not be ught to Department of Motor icles offices for determination damage.

owners disagree on the ount of damage involved, De- tment evaluators will come to final determination through dy of the accident report forms.

Driving with a suspended or re- ed license carries maximum alties of a year's imprisonment $1,000 fine or both.

Henderson warned that drivers' nses and non-resident's driving vileges would remain suspended il the required deposit is made until a year elapses from the ac- ent date without a damage suit ng filed.

They can be reinstated aft r evi- nce satisfactory to the Depart- nt is provided of a release from bility, final adjudication of hliability, confession of judg- nt or a duly acknowledged writ- agreement providing for pay- nt of all claims in installments.

Exempt from the law are oper- rs and drivers of vehicles sub- t to Interstate Commerce Com- ssion or State Public Utilities mmission regulation or those ned by the United States, State Californa, State political subdi- ions, or municipalities.

'My advice to California driv- ," Henderson said, "is to ac- aint themselves with the pro- ions of the Financial Responsi- ty Act and protect their driv- s privilege at all costs.

They can familiarize them- ves with the law through a State der now available at most serv- stations, police departments, unches of the Department of tor Vehicles, offices of the Cali- nia Highway Patrol and insur- ce agents and brokers.

George Murphy is little Margaret O'Brien's greatest critic and admirer in "Tenth Avenue Angel," the new M. G. M. hit showing at the Crest Theatre Sunday, Monday and Tuesday, on a double bill program with Wallace Beery in "Alias A Gentleman."

NEWS FROM THE SCHOOLS

CROCKER

The following high seventh boys who belong to the Junior Hi Y Club are going on a picnic tonight to Coyote Point:

Edward Haussler, Edward Christianson, Jack Phillips, David Martinez, Gary Anderson, Bob Stone, Huber Loundagin and Jimmy Herman.

Pauline O'Connor received some lovely gifts from her father upon his return from Manila. He brought two ivory figurines, a nest of five black lacquered boxes designed with gold, a silver pin made in the shape of a butterfly, and two China vases.

Karine Miller, of the high sixth, is moving to San Francisco and Carol Tacchi is transferring to South San Francisco.

When Ducks Cannot Fly

Just before the molting period, ducks and geese fly to bodies of water where they will be safe from land enemies. The reason is the fact that they molt their primary feathers all at one time and, for a short period, cannot fly.

Explorer To Report U. C. Cancer Battle

Searching a cure of cancer — the disease which kills one out of every six people in the United States—the University of California is now engaged in the most extensive and closely integrated attacks on cancer in the history of the state.

Over 90 faculty members, or investigators, all with doctor's degrees, are tackling more than 80 different cancer research projects, according to the University Explorer who reports the story of this cancer battle in a broadcast at 10:15 p. m. Sunday, June 27, over the Columbia Broadcasting System.

SELF-POLICING

The motorist who polices his own driving habits doesn't often find it necessary to explain his driving practices to traffic police, points out the California State Automobile Association.

Totonac Tribe

The Totonacs, now an obscure tribe in Mexico's wilds, were once a mighty nation, allies of Cortez.

Origin of Domestic Cattle

Domestic cattle are descended from wild cattle of the genus "Bos." Five groups are generally included in this genus. It has been estimated that cattle have been domesticated since 4,000 to 5,000 B C. Cattle of Zebu or Indian origin have increased with astounding rapidity on the ranches of the United States.

1947 Potato Crop

The 1947 production of potatoes—more than 44 million bushels—was nearly two million greater than in 1946. In both years the crops were nearly a third larger than the 1944 and 1945 corps of less than and more than 33 million bushels. These four large crops compare with an average of about 20 million bushels for the 10 years from 1936 to 1945.

Phenothiazine Poisoning

Phenothiazine poisoning is apt to occur when large doses of this worm medicine are given. Because some owners have no conception of the proper amount to give animals, there have been many cases of severe illness due to overdosing. Except in extreme cases, phenothiazine-poisoned swine recover with a minimum of treatment, but they must be kept out of the sun. If left exposed to hot sunshine, most of them will die.

First American Sulky

The first sulky to appear on a track in the United States was along in the 1830's. It was a four-wheeler, and the chances are it was nothing more than an ordinary family buggy, for four passengers, with a seat large enough only for the driver.

Using Old Candles

To use up ends of old candles, melt the ends in a pan in the oven. Use the old wicks or get wicking in a hardware store. Remold in soup can and unmold by turning can around over gas flame. Any amount of paraffin may be added.

Tip For Farmers

When selling timber from a farm, a few seed trees should be left to insure a new stand of seedlings.

Re-Heating Rice

To re-heat rice, steam it in a colander or sieve over boiling water, or add a few tablespoons of water to the rice and heat it in a covered pan over boiling water, or in the oven.

Roberson House Shrine

Claymont, Del., preserves the Roberson house, where Washington stayed, and where Light Horse Harry Lee was captured by the British in 1778.

No. 1 Rice Eaters

The Chinese are the greatest rice boilers in the world. Every Chinese dinner features rice, either boiled or fried.

Save the Flakiness

There's a trick to re-rolling or storing pastry that can mean the diffrence between flaky pastry and that which is not. Instead of wadding the pastry scraps up into a ball before storing or rolling, stack them neatly, piece on piece. In this way the flaky structure is preserved rather than destroyed.

Axis Nemesis

Winston Churchill and other British wartime leaders mapped attacks against the Axis in a nest of 150 rooms 50 feet underground, a few hundred yards from the house of commons.

Snoqualmie Falls

Snoqualmie Falls, in the state of Washington, has a drop of 270 feet. It is most spectacular in winter or early spring, when heavy rains turn the falls into a thundering monster.

Horse and Mule Statistics

This year, for the first time since 1870, the nation's horse and mule population dropped below the 10-million mark. The department of agriculture estimates it at 6,607,000 horses and 2,544,000 mules.

New Smoke Facts

Treasury experts, who recently made a study of total tobacco use, report that cigarettes in 1946 accounted for 77 per cent of the total tobacco used in production. In 1915 cigarettes accounted for only 10 per cent.

MacArthur Stamps

The New Philippine republic honors Gen. Douglas MacArthur with three new stamps, each bearing his portrait. The stamps are four centavors gray-violet, 6-c red and 16-c blue.

Water Mocassin

The water mocassin is a southern reptile. Like most water snakes it is roughly scaled and heavy-bodied. It is easily identified by its angular, heart-shaped head. Colors range from black to dirty olive. Most specimens are about three feet long.

"Cover the Canary"

Canaries should not be disturbed at night. After sunset it is advisable to remove the bird from a lighted room or to put a cover over the cage. An illuminated room keeps a bird awake longer than necessary, and causes loss of energy.

Storage of Foods

Raisins, rice, powdered sugar, brown sugar, navy beans, and other such foods which are kept on hand in small quantities are most easily stored in fruit jars; thus the contents can be seen at a glance. Also, dry foods are kept dry and moist food moist.

Crows Great Thieves

It is believed that crows take at least 30 per cent of the wild duck eggs in Canadian marshes as well as in marshes of the Great Lake states.

Moth Fiction Exploded

Many believe that wrapping clothes in newspapers will protect against moths because of a mysterious quality in the ink with which the papers have been printed. This is fiction. Putting garments in paper or zippered bags is effective only if every opening has been completely sealed.

Trackless Trolley

An experimntal electrical trackless trolley line, 3000 feet long, was tried out in Paris in 1900. In the 1880's a German industrial firm brought out a "trolley wire bus." It was an open wagon which drew power from a cable that ran along an overhead wire. The electric trackless trolley of today is said to be a direct descendant of this ancient vehicle.

Diesels Coming In

Railroads put 465 Diesel road locomotives in service in 1947 compared with only 48 in 1940.

California Must Soon Face Water Shortage Problem

California must soon face the question of whether its water resources will permit any further increase in population, according to John Reber, author of the Reber Plan for developing San Francisco Bay.

"It is no longer a question of unlimited expansion of population in this state," said Reber. "Our drought experience of this spring showed us that. Unless we take steps to conserve our water resources, California figuratively may have to put up signs at its borders saying 'Keep Out. We Have All The Population Our Water Resources Will Stand.' "

Such drastic action is, however, unnecessary if the State will develop its water resources according to a sound plan, according to Reber, who sees no limit in the visible future to population expansion under such circumstances.

"Italy, about the size of California, has a population of 44 000,000," Reber pointed out. "But," he questioned, "can anyone visualize a population of 44,000,000 in California, or even half that, unless our State takes steps to store and use nearly every drop of water that falls in the State?"

Reber declared that the greatest loss of water in the State is through the Golden Gate of San Francisco Bay. Through this breach in the Coast Range rampart, he said, annually pours an average of 33,000,000 acre feet of water, sufficient to support the industrial, commercial and social development of a vast new population.

"Out this narrow channel flows the run-off of the Sierra Nevada range, the eastern slopes of the Coast range, the Sacramento and the San Joaquin Valleys from the Siskiyous to the Tehachapis, one of the greatest watetrsheds on earth, to pour its run-off through such a narrow throat," Reber said.

The existence of San Francisco Bay near the outlet of this great run-off permits it to be utilized as a storage reservoir, and that is exactly what the Reber Plan proposes to do.

Reber would throw an earthern dam across the north arm of San Francisco Bay between Point Richmond and Marin County and another across the south arm, from the vicinity of Hunters Point in San Francisco to Oakland and Alameda Excess run-off water impounded behind the north dam would be carried by a channel to the lake formed by the dam across the south arm, thus in effect creating two huge fresh water lakes around the edges of which industries would develop and recreational developments would rise, and to which shipping would have access through locks.

Sea Messenger

MISS IMPORT—cover girl Shirley Buchanan—gets ready to toss overboard at Los Angeles harbor one of many message-bearing bottles which will be set adrift from American vessels to obtain hydrographic data.

Canada's Indian Wards

The Canadian government employs 45 medical doctors to watch over the health and welfare of its 136,000 Indian wards scattered over thousands of square miles of Canada's inaccessible back country. There are no roads, no trains and no autos in the territory covered by some of these doctors, who often have to fly as much as 300 miles to reach one emergency patient.

Westminster Hall

Westminster hall was built in 1097. The trial of Charles I, later beheaded, was held there. So was the trial of Guy Fawkes, who in 1605 planted gunpowder in the cellar to blow up Parliament. His unsuccessful exploit long has been commemorated by a traditional search of the cellars before each parliamentary season.

Strange Fish

The sword-tailed fish, which finds its way into many a tropical aquarium, has a peculiar way of wooing. The handsomely colored male will swim excitedly around the female, giving her an occasional dig with his stilleto-like tail. It isn't a fight. It's only their way of making love.

SO LITTLE TIME

What little time is saved by excessive speed on the highway is never worth the greet risks which are taken, cautions the California State Automobile Association.

GASOLINE WASTE

Defective spark plugs may cause the loss of as much as one gallon of gasoline out of every ten, says the California State Automobile Association.

Historic Bear Tracks

A wounded bear, followed by a pioneer hunter, in 1874 led to the discovery of the Oregon caves near Grants Pass in southern Oregon. The caves, deep in the heart of Mt. Elijah, offer more than two miles of passageways and marble rooms filled a wealth of fanciful formations.

Trout Fishing Excellent

Trout fishing has been excellent during the past few days on Doris and Tule Lakes back of Mono Hot Springs in Fresno County, according to National Automobile Club. Mono and Bear Creeks in this same area are still too high for good fishing.
